### THE RACING FRAUD.

One of the Most Daring Swindles on Record.

Over \$100,000 "Got Away With by Sharpers-How the Thing Was Done-A Combination Extending All Over the Country-The Man in Pittsburg Who Drenmed a Dream

NEW YORK, Oct. 15.—The wholesale awindle of Saturday, the falsification of the result of the Jerome Park races, by which pool sellers throughout the country which pool sellers throughout the country lost many thousand dollars, was the most successful swindle of the kind ever perpetrated in this country. It involves losses to the pool seller-throughout the country, which will aggregate \$100,000, in all probability. Of this sum about \$25,000 was lost by the pool sellers at Coney Island. A singular, and, to those who hold a certain theory as to the authors of the swindle. A significant the authors of the swindle, a significant fact is that the bookmakers of this city lost nothing. Their books were heaty, for the mices at Jerome Park were good money races and the odds such as to in-sure goods books. No bets were pald by any of the bookmokers here until after the conclusion of the races and their return from Jerome Park, 1f the theory advanced by several interviews revealing the bookmakers of this city as the principals in the scheme be correct, this fact become very significant and tends to bear out that theory. I it becomes, the plan and one of exceptional spendoes. It is the many the telegraph operator who seem the messages and the possession by them, or their agent, or a cinher system used as well as a deliber ate fulsification of the dispatches sent in English, that is without the employment of cipher. The managers of the scheme must also have fixed things with the jockeys to the first and last two races. As their representative played, the winners played each of these in every city in the country. in Baltimore, Philadelphia, Chiergo, 't. Louis, Boston and other places to do the betting, all of whom worked on the same plan as that employed at Coney Island. That the telegraphic company did not interfere with the same species of the fraud is terfere with the success of the fraud is manifest from the fact that the reports from the races manipulated went through as the gamblers wished. They worked the last two races through the jockeys, presumably because their horses before the races, Constanting and McGowon, did win and they did not need to tamper with the wires or

falsify returns. Pittishung, Pa., Oct. 15.—It appears that a man who was a stranger to the local betting men, represented here the pool room sharpers who tapped the Jerome Park wires. He gave the initials "R. J." and bought the three horses sent as winners in the bogus disputches. He won \$1,500 and has since disappeared. He told some of the pool room people he had draunt what horses would win, and that

was why he bought so beavily.

NEW YORK, Oct. 15 .- The tapping of the wires of the Western Union Telegraph Company on Saturday, by means of which bogus despatches were sent all over the country announcing false results of the Jerome Park races, and through which nearly \$100,000 was lost by the pool sellers throughout the country, remains as much a mystery as ever Little sympathy is felt for the vectimized pool sellers by the public at large, owing to the enormous odds asked by them on certain borses. Press Agent Somerville, of the Western Union, was seen this morning by a reporter, and in answer to an in aniry, said the perpetrator of the tapping had not yet been discovered, but a rigid investigation is in progress and the company would leave no stone unturned to protect its business from such swindlerin the future. "What do you think of the threat of the

victimized pool sellers to sue the company

for damages? "That is all idle talk. The company can not be held responsible for such an up set, any more than it could for having had sent over its wires a forgad dispatch.

"What is your theory as to the manner in which the swinate was carried out?" "The wires were undoubtedly tapped, probably from some private residence in this city and the genu-

ine dispatches inken off and converted into bogus ones. The operator at Jerome Park has been a the position for a number of years and has the entire confidence of the company and we have no reason to suspect that he was in the plot. The tapping shows conclusively that some one familiar with the service of the Western Union had a hand in it.

"In ease the rascals are discovered, what course will the company pursue?" "Prosecute them to the tail extent of the law. It is a State prison offence to cut the wires of a telegraph company or send false information thereby."

A Compileation of Collisions on the Erle Ballway.

Binomamton, N. Y., Oct. 15.—During the night and morning three collisions oc-curred on the Erie Railway at Barton, thirty-four miles west of here. Conductor J. C. Sabin, of Hornellsville, was killed instantly. His train was run into the rear by another train at a point where there was a sharp enrve. Later, another locomotive collided with a freight train that had been held on the side track, and the engine and nine cars, loaded with petroieum, were wrecked. Another freight train came on at full speed and the locomotive ran into the debris and caught fire, burning three engines, two freight curs, two cabooses and nine car-loads of petroleum, besides destroying about 200 leet of double track and the telegraph lines. The total damage will reach about \$\frac{1}{2}\$ Stewart, of Mobile, at the following figures: Natchez to Violsburg, \$11,750; Natchez to Bayou Sara, \$12,950; Baton Rouge to Bayou Sara, \$8,950. The Manager of the "Romany Rye" Claims a Heavy Loss.

Chicago, Oct. 15.—Mr George Roberts, Manager of the "Romany Rye" Combina-tion, claims to have been robbed between four and six o'clock in the morning at the Trement House of 271 cash and a gold watch and chain valued at \$200. ### HORRIBEE AFFAIR.

A Negro Chaimed to a Tree and Burned

Aliva CALCAZO, La., Oct. 15.—A negro named Lewis Woods was tried and convicted at the last term of court for criminally assaulting a colored girl, but escaped from jail in less than a week. After his escape he committed a second crime on a white lady, which so caraged the people that everybody turned out to pursue him. He together with another escaped consict, a white murderer named Martin, were finally captured by a Sheriffin Texas and taken on a train for Lake Charles. When they reached Edgerely Station, a large crowd had assembled with Sherifl, per-ceiving this threw a quilt which was in the car over Martin so that the mob saw only the negro. They seized the latter and dragged him a shost distance from the depot, where they chained him to a true and covered him with place knots and chips. The pile was then lighted. The agony of the man was so intense that his horrible cries and shricks could be heard a long distance. After he was dead the crowd started for the jall to get the murderer, but the Sheriff had secreted him.

Missing Chinameu. NEW YORK, Oct. 15 .- Wong Chin Foo, editor of the Chinese-American, has mysteriondy disappeared and Tom Lee, cx Deputy Sheriff, Clim Lip and Wang Wah. Chinese merchants of Mou street, have also disappered. Some say that Dennis Kearney, who was recently challenged by Foo, was chiefly instrumental in the latters departure, while another story is that the Chinese gamblers whom Foo antigonized were the main cause. Wong Chin Foo is thirty-one years of age and the son at a Chinese o"cial who was executed for rebellion. When Foo became of age he joined the Chinese Liberals and for this indiscretion was driven from his netive country. The conserva-tive citizens held a meeting when the maranding was at its height and de-nonneed it in unmeasured terms. In Banks and Jackson counties the negroes have begun to accumulate some property. There was in Banks county for several months an element of white people who decided that the black men should go, and he was ordered to take up his bed and walk. As a means of emphizing, the proclamation, men of a wild and reckless crew made nightly raids around the country, carrying consternation and hickory withes to the cabins of the colored men. ing Torrible Suffering.

FALL RIVER, Mass., Oct. 15.—A few months ago, an English family of four, named Laces, a man, his wife, a girl of istuen and a boy of twelve, came to this city. The father shortly afterward deserted his family and returned to England, leaving his family penniless. A resident whose wife was ill, received the deserted family into his house, offering them food and shelter. The woman became melancholy and heartbroken et the desertion of her husband. One night she went out with her boy. On reaching a point on the road where there is a deep pool of water, she told the boy to return would find her body there. The boy, frightened, obeyed. A careful search revealed no trace of the woman until Saturday night, when the police were informed that a strange woman was wandering in the woods near the water works, The officers on searching found a worn an in tattered rugs with dishevelled hair and having ever appearance of insanity. She was identified as Mrs. Lucas. She was again taken charge of by the kind-hearted family who have sheltered her children the past month. During four weeks Mrs. Lucas has had but two meals, and these during the first few days of her wanderings. She subsisted on berries and what fruit she could gather. When she went away she weighed nearly two hundred pounds, but now her weight is less than seventy-live pounds, being reduced almost to a alkalyton. That also arranged the to a skeleton. That she survived the severe storms and sudden changes of the past month is wonderful. Such was her condition that had she not been found she would have perished in the storm which raged last night.

#### PAYNE'S CHANCES.

Northern Ohlo Democrats Said to

Have Thrown Bookwalter Over. CLEVELAND, O., Oct. 15 .- There is considerable excitement here in political circles over the Senatorial muddle. It was all along thought that "Boss" Farley had been working in the interests of Bookwalter for Senator Pendleton's shoes. It now seems that Bookwalter's name has been used as a blind, and that the real candilate is none other than Henry IL Payne, who is not only anxious for the Ohio Senatorship, but who is to be put forward by his friends for the Presidential nomination in 1884. t is said that Mr. Payne will have the ntire Northern Ohio Democratic members of the Legislature solid. His friends are confident of his success. With no nemies, with a high social and political name, rich, and in the confidence of Samuel J. Tilden, they think Payne will stand an excellent chance for the nomination. Among the young Republicans this city there is a good deal of speculation about Ohio's choice for the Presidency, and there is some talk about the organization of clubs favorable to Robert Lincoln, of Illinois.

The Murderer of Ada Atkinson Believed to be Caught.

The Man Nelling Makes a Confession Which Leads to the Arrest of Oue Ladd-Public Sentiment on the Affair-Fears of Lynching.

LAFAYETTE, Ind., Oct. 15.—Last midnight detective Harris arrested Jacob Ludd for the murder of Ada Atkinson. on the strength of a confession of Jacob Nelling, farm hand of Atkinson, that on the afternoon of the day when the tragedy occurred Ladd proposed to him that they rape the young girl. Nelling emphatically declined. His first knowledge of the crime was the discovery of Ada's body by her sister Lacy. Many believe Nelling and his and lieve Nelling's confession to be a lie and that to escape punishment he implicates Ladd. The latter is, however, known to have been near the place where the murder was committed at the time it was perpetrated. He acknowledges having heard the screams of the unfortunate girl and noted by his watch the exact time. Ladd will be remembered as the hostler of Mrs. Johnson, whose name has been linked with that of Mr. Atkinson in masavory connection. Excitement runs high at Oxford, and Ladd in peril of lynchiae. ing. Three physicians on Sunday exhumed the remains of the dead girl, but, decomposition having set in, no examination could be made. A court of inquiry wift hear Nellings' evidence under oath at Bowler this morning.

A Recent Care of Scrofulous Sores. A Recent Circ of Scrofulous Sores.

"Some months ago I was troubled with scrofulous sores (tileers) on my legs. The limbs were badly swollen and inflamed, and the sores disclurged large quantities of offensive matter. Every remedy I tried failed, until I used Ayen's Sansarautlla, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feet very grateful for the good your medicine has done inc. Yours respectfully, Mus. Ann O'linian."

The well-known writer on the Boston Herald, B. W. BALL, of Rochester, N.H., writes, June 7, 1882: "Having suffered severely for some years with Eczenn, and having failed to flad relief from other remedies, I have made use, during the past three months, of AYEN'S SAUSAPARILLA, which has effected a complete cure. I consider it a magnificent remedy tor all blood diseases."
